Fenix Mini vaporizer overview

### **The kit includes**

## Tips for users

1. For optimum results, fill the chamber halfway or slightly more, but do not overfill it or fill it too tightly. Filling the chamber loosely will allow the heat to distribute evenly in the chamber and allow the substance to be stirred during use if necessary.

2. For best performance, allow the vaporizer to cool down as soon as you complete the vaporization cycle and agitate the vaporizer prior to the next vaporization cycle. 3. Don't forget to turn the vaporizer off completely after

3. Don't forget to turn off the vaporizer completely after enjoying the vaporizer by pressing the power button five times for two seconds.
